- School Standards and Framework Act 1998
- Education (Special Educational Needs) (Information) Regulations 1999
- Special Educational Needs and Disability Act 2001
- Education Act 2002
- Education and Inspections Act 2006
- Education (Special Educational Needs Coordinators) (England) Regulations 2008

- Education Act 2011
- School Discipline (Pupils Exclusions and Reviews) (England) Regulations 2012
- Children and Families Act 2014
- Special Educational Needs and Disability Regulations 2014
- Special Educational Needs (Local Offer) Regulations 2014
- Special Educational Needs (Personal Budgets) Regulations 2014

The following documentation is also related to this policy:

- Quality Standards for Special Educational Needs (SEN) Support and Outreach Services (DCSF)
- School Admissions Code (DfE)
- Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities (DfE) and (DoH)
- Supporting Pupils at School with Medical Conditions: Statutory Guidance for Governing Bodies of Maintained Schools and Proprietors of Academies in England (DfE)

We wish to comply with the Special Educational Needs and Disability Code of Practice: 0 to 25 Years. Statutory Guidance for Organisations Who Work With and Support Children and Young People with Special Educational Needs and Disabilities and with sections 29, 34, 35, 66, 67, 68, 69 and 100 of the Children and Families Act 2014.

At Land of Learning Nursery and Primary School, safeguarding permeates throughout everything that we do and this policy should be read in conjunction with Keeping Children Safe in Education – September 2026.

"Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child."

*Keeping Children Safe in Education 2026*

We have a duty to provide appropriate SEN provision for children and young people in order to meet their needs. It is also our duty to 'make reasonable adjustments for disabled children and young people, to support medical conditions and to inform parents and young people if SEN provision is made for them.'

We believe it is our responsibility to publish all details of the SEN provision that we have available in the Information Report and to work with the Local Authority in compiling and reviewing the Local Offer.

We believe that… 'Children have special educational needs if they have a learning difficulty, which calls for special educational provision to be made for them.

Children have a learning difficulty if they:

- have a significantly greater difficulty in learning than the majority of children of the same age: or
- have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local education authority
- are under compulsory school age and fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them

Special educational provision is 'additional to, or otherwise different from, the educational provision made generally for children of their age in schools maintained by the local authority, other than special schools, in the area.' (Education Act 1996)

When organising additional support it is very important that we provide children with special educational needs and disabilities (SEND) a broad and balanced curriculum with regular access to all subjects and areas of learning. We believe that children with SEND should not be routinely segregated from their class teachers and peers but included as much as possible within their class.

We will ensure that teachers and teaching assistants (TAs) are prepared for dealing with the challenges and complex difficulties posed by children with SEND by providing structured training on a variety of SEND issues. We believe teachers are responsible for children's learning and that teaching assistants will be used effectively to provide the necessary support for children with SEND within the classroom.

We are aware that depending upon their age and understanding we must discuss with pupils with SEND any decision that might affect them.

It is our intent to provide every child with the best education possible. Our objective in setting out the school's SEND policy is to make everyone aware that we want all pupils to benefit as fully as possible from the education provided within the school.

We cater for pupils who experience difficulties in: -

- communication and interaction
- cognition and learning
- behaviour, emotional and social development
- sensory and/or physical and medical conditions

The school has full provision for pupils who are disabled.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

- to attend and take part in termly and annual reviews

## Role and Rights of Pupils

We encourage pupils with special educational needs to understand their rights and to take part in:

- assessing their needs;
- setting learning targets;
- the annual review

## Graduated approach

We feel it is vital that pupils with special educational needs are identified at an early stage. Every teacher in this school is responsible for identifying pupils with special educational needs.

We will inform parents at the earliest opportunity of the school's concerns and to work in partnership with them to establish the support the child needs.

We will adopt a graduated approach coordinated by the SENCO and using the following four stages of action: **Assess, Plan, Do and Review.**

Parents will be kept well informed of and involved in all four stages.

### Assess

- Working with the SENCO and the child's parents an analysis of the child's needs will be undertaken by the early year's practitioner when trying to identify what SEN support is required.

- Support is put into place and is reviewed regularly to ensure that the support is matched to need.
- More specialist assessment will take place if there is no improvement in the child's progress.
- This will be organised by the SENCO with the agreement of the parents.

**Plan**

- When it has been decided to provide SEN support all parties will decide:

  - the expected outcomes
  - what interventions and support that is required
  - the expected impact on progress, development or behaviour
  - on a review date

- Plans will take into account the views of the child.
- Parents will reinforce the provision by contributing to progress at home.

**Do**

- The SENCO and the early years practitioner oversee the implementation of the interventions as part of the agreed SEN support.
- The early years practitioner supported by the SENCO assesses the child's response to the action taken.
- The SENCO offers continuous advice on the effective implementation of support.

**Review**

- The effectiveness of the support and its impact on the child's progress is discussed at the review meeting which is attended by the SENCO, the early years practitioner and the child's parents
- The views of the child are also taken into consideration at this meeting.
- In light of the child's progress and development, changes to the outcomes and support will be agreed by all concerned.
- A cycle of review meetings will continue with all parties attending in order to identify the best way of securing good progress.
- All parties will agree to any specialist involvement if a child continues to make less than expected progress.
- An Education, Health and Care assessment may be requested if a child continues not to make the expected progress despite the amount of support and intervention that has been given.
- If a child has an Education, Health Care Plan the Local Authority must undertake a review annually.
- Detail records will be maintained by the SENCO which will be available to the child's parents.

## Medical Conditions

We have a duty under the Children and Families Act 2014 to support pupils with medical conditions. We are aware that individual healthcare plans will state the type and level of support required to meet their medical needs.

## Record Keeping

Accurate and up to date records will be kept that provide:

- evidence tracking data of pupil progress
- evidence of outcomes and planned next steps
- details of additional support or different provision made under SEN support
- details of the involvement of specialists
- evidence of involvement with parents
- evidence that shows a rigorous approach to the monitoring and evaluation of any SEN support provided

## Range of Provision

The school aims to provide a variety of provision by way of:

- in-class support either individually or in small groups with specialist teachers and/or learning support assistants;
- withdrawal support either individually or in small groups with specialist teachers or LSAs

## Inclusion

Every effort will be made to include pupils with SEND into all school activities and we will monitor the number of extra-curricular activities that they take part in. The use of **High Quality Teaching** and the creation of **Inclusive learning environments** to remove individual barriers to learning

## Partnerships

We believe that a close partnership with parents will enable children to progress. Parents have a key role to play in the partnership between home and school as they have an exclusive overview of the provision needed for the child.

Pupils with special educational needs will benefit from the school's close working relationship with the numerous external support agencies, which offer advice and support.

We feel that the provision for special educational needs in this school will benefit from the close links we have with other schools by the sharing of good practice and in making the transition between phases as smooth as possible for the pupils.

## Admissions

We will:

- treat all applications equally and we will not discriminate against pupils with SEND;
- admit those children with special educational needs but who do not have a statement;
- not refuse admission to children with special educational needs because we feel that we will be unable to provide the necessary support

## Curriculum

The school aims to provide for pupils: -

- a broad and balanced curriculum
- a curriculum which is differentiated to their needs
- a range of teaching strategies to meet their needs

## Celebration of Achievements

We will regularly celebrate the achievements of all children not just in literacy and numeracy but in all curriculum areas and in all aspects of school life.

## Complaints Procedure

Parents who have a grievance or complaint about the nature or amount of special needs that their child receives are encouraged to ask for a mutually convenient meeting with the school in order to resolve the issue.

The Local Authority must have in place 'arrangements with a view to avoiding or resolving disagreements between parents and certain schools about the special educational provision made for their child.' (SEN Code of Practice)

## SEN Information Report

Annually we will publish information about the implementation of the policy for pupils with SEN which will be set out in clear and straightforward language and easily accessible to parents and young people. The information must include:
